Important Disclaimer

TextRad is a speech-to-text productivity tool designed to assist radiologists and medical professionals in report dictation and documentation.

- TextRad **does not interpret medical images**, provide diagnostic suggestions, or make clinical decisions.
- The software **does not qualify as medical device software** and is intended solely as a transcription and workflow support tool.
- All clinical decisions remain the **sole responsibility** of the licensed medical professional.
- TextRad is not intended as a substitute for professional medical judgment or expertise.

By using **TextRad**, you agree to the following terms and conditions:

1. Acceptance of Terms

By accessing or using TextRad, you acknowledge that you have read, understood, and agree to be bound by these Terms of Service and our Privacy Policy.

2. Permitted Use

You agree to:

- Use the tool responsibly and in compliance with medical laws & ethical standards
- Maintain confidentiality of any medical information you dictate
- Use the service only for lawful professional purposes
- Not share your account credentials with unauthorized users

3. Medical Disclaimer

You acknowledge and agree that:

- TextRad **does NOT provide medical advice, diagnosis, or treatment recommendations**
- The accuracy of AI transcription may vary; **final report review is your responsibility**
- All clinical decisions must be made by a qualified physician
- TextRad is a documentation tool, not a diagnostic or clinical decision-support system

4. Limitation of Liability

You agree that:

- You will not hold TextRad liable for clinical or reporting errors arising from misuse or misinterpretation
- TextRad provides the service "as is" without warranties of any kind
- We are not liable for any damages arising from use or inability to use the service
- Maximum liability is limited to the amount paid for the subscription

5. Data Responsibility

Users agree to:

- Not include patient identifiable information (PII) in transcriptions
- Comply with HIPAA, DPDP, and other applicable data protection regulations
- Ensure proper consent and authorization before dictating any patient information
- Regularly review and delete stored reports as needed

6. Prohibited Activities

You may not:

- Reverse engineer, decompile, or attempt to extract source code
